## Today in the Ausseerland

### Mayor's bench

The Bürgermeisterbankerl is an idyllic vantage point above Lake Altaussee and was built by the then mayors Sepp Amon (Grundlsee), Otto Marl (Bad Aussee) and Hans Grieshofer (Altaussee). Situated at around 939 m above sea level, it offers a magnificent view of the lake and the surrounding mountains. The site can be reached via a short, shady footpath from the Tressensattel and is also easily accessible for less experienced hikers.

### Spitalkirche

The Spitalkirche zum Heiligen Geist in the center of Bad Aussee dates back to the 14th century and is one of the oldest buildings in the town. Particularly worth seeing are the late Gothic winged altar from 1449, the elegant ribbed vault and the octagonal tower with double eagle. Both inside and out, the church bears witness to its great art-historical significance - a quiet place to pause for a moment.

### Tauplitz Swimming Pool

The Tauplitz swimming pool offers 500 m² of water surface, 24 °C water temperature, a 13 m long slide and children's paddling pool for summer fun for the whole family. A sunbathing lawn, playground, beach volleyball and a small buffet round off the offer. The swimming pool is only open in good weather.
