## Discoveries

### Ranftlmühle mill

The "Ranftlmühle" mill combined with a short hike to the legendary Toplitzsee lake (approx. 35 to 40 minutes) is an excursion that is definitely worthwhile! Start in the district of Gößl and explore nature all the way to the tranquil mill, which is named after the painter Johann Matthias Ranftl. His subjects ranged from landscape painting to portraits and historical and religious altarpieces to genre painting, for which he is still best known today.

### Spitalkirche

The Spitalkirche zum Heiligen Geist in the center of Bad Aussee dates back to the 14th century and is one of the oldest buildings in the town. Particularly worth seeing are the late Gothic winged altar from 1449, the elegant ribbed vault and the octagonal tower with double eagle. Both inside and out, the church bears witness to its great art-historical significance - a quiet place to pause for a moment.
